

CLAUD BUTLER

THE ULTIMATE TOURING BICYCLE

CLAUD BUTLER

Combining a wealth of practical design experience, the finest raw materials and the cream of engineering skills, the Claud Butler represents the very highest standard in touring bicycles.

A standard that has made owning a Claud Butler a very special pleasure for over 50 years.

And never more so than now. The latest Claud Butler range now has *every* frame hand built in the world renowned Reynolds 531 tubing for unsurpassed handling characteristics and incredible strength-to-weight ratio.

CRESTA 531

The sporty 'Cresta 531' is equally at home in town or country. The Reynolds 531 frame is light and responsive enough for fast tireless commuting yet comfortable and smooth for an all-day ride, in fact, the ideal all-rounder. In common with all Claud Butlers, the 'Cresta's' wheels are individually hand-trued for less power loss, better riding 'feel' and a longer, more reliable life. Just one of the aspects that makes a Claud Butler the best bike in the long run.

CLAUDETTE 531

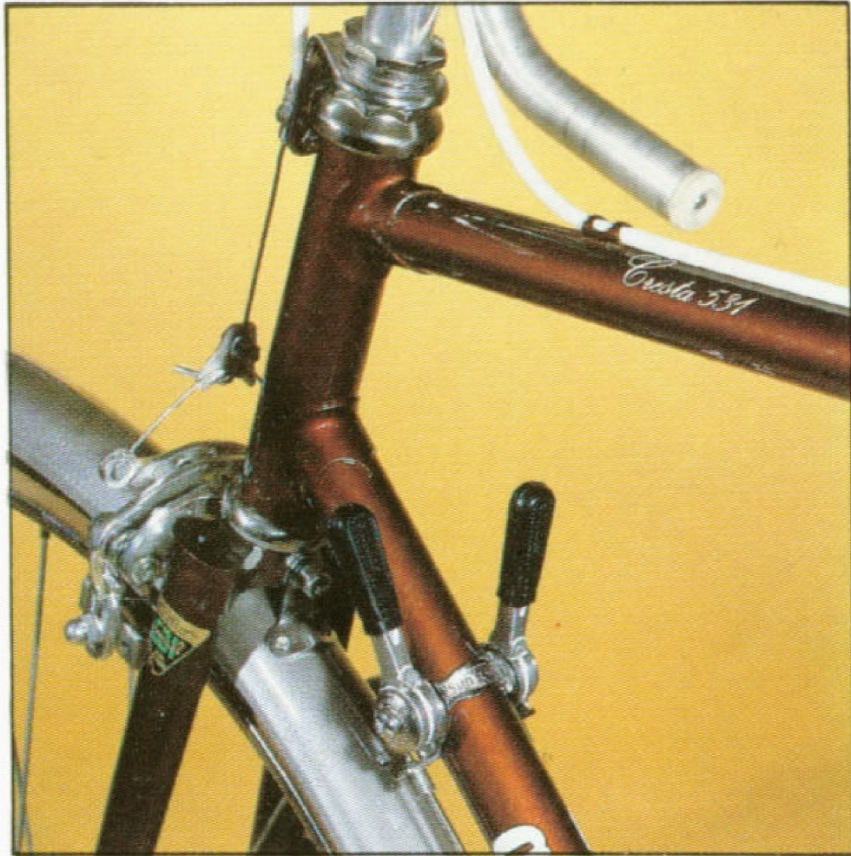

For the lady who demands a stylish bicycle that is uncomplicated and practical for everyday use yet is light, responsive and unmistakably a top class machine, the Claud Butler 'Claudette 531' is the obvious answer. Features a 5-speed Sun Tour gear, a specially shaped and padded ladies anatomic saddle and naturally, a completely handcrafted 'mixte' frame in Reynolds 531 tubing. Both the Cresta 531 and Claudette 531 are finished in Sable Brown, one of the unique and specially formulated 'Pearl' colours exclusive to Claud Butler.

CLAUDETTE 531

CRESTA 531

MAJESTIC

The distinctive 'Majestic' 10-speed is probably the most popular high quality touring bicycle in production and is appreciated by commuters and long distance cycle tourists alike for its fine specification and reliable handling. The all important Reynolds 531 frame is, of course, completely hand built and features all the 'braze-ons' expected on such a top class model. Again, an important component is the new nylon coated 'Cape Wrath' pannier carrier for 'wobble-free' loads.

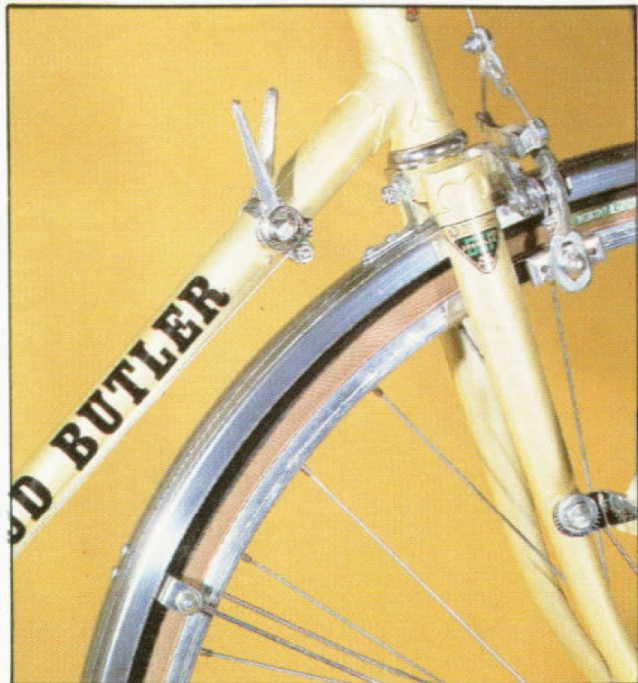

MAJESTIQUE

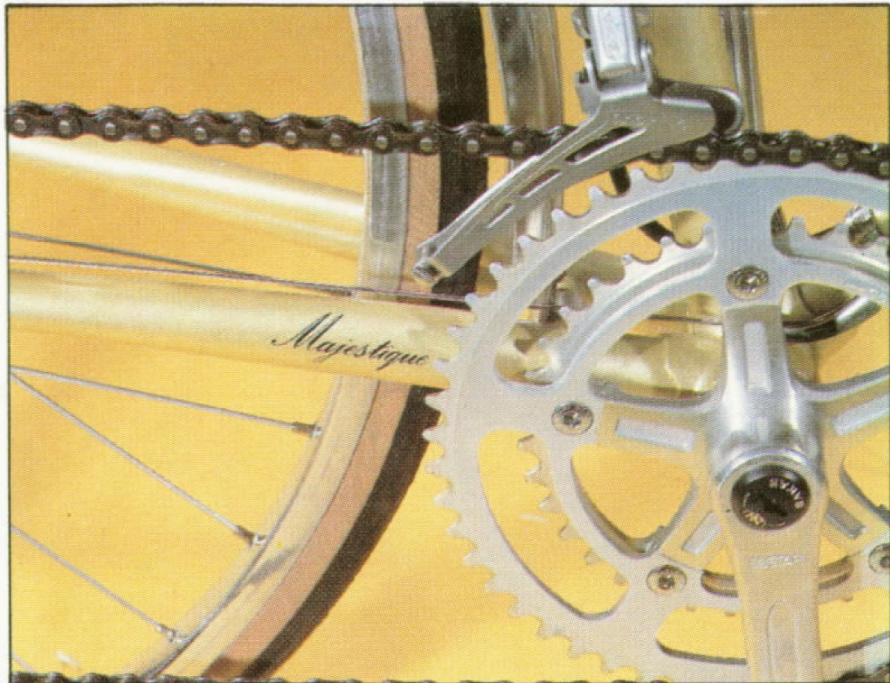

Continuing the 'his and hers' concept, the 'Majestique' shares the excellent mechanical specification of the 'Majestic' but has a beautifully designed and built 'mixte' frame in Reynolds 531 tubing. The transmission is based on the reliable and smooth Sun Tour VX GT gear system with a DID 'Lanner' chain and an S.R. alloy cotterless double chainset. The result is a well behaved and balanced 10-speed bicycle that will please any discerning lady cyclist.

MAJESTIC

MAJESTIQUE

DALESMAN

The latest addition to the Claud Butler stable, the 10-speed 'Dalesman' offers the finest specification of any production touring machine available in Britain. Designed with smoothness, efficiency and comfort for long distance touring in mind and based on a superb hand-built frame in Reynolds 531 butted tubing. Featuring an innovative transmission with the new DID 'Lanner' chain, Sun Tour 'Cyclone Mk. 2' gears for the hilliest terrain and a Brooks leather saddle, the connoisseurs choice.

LADYDALE

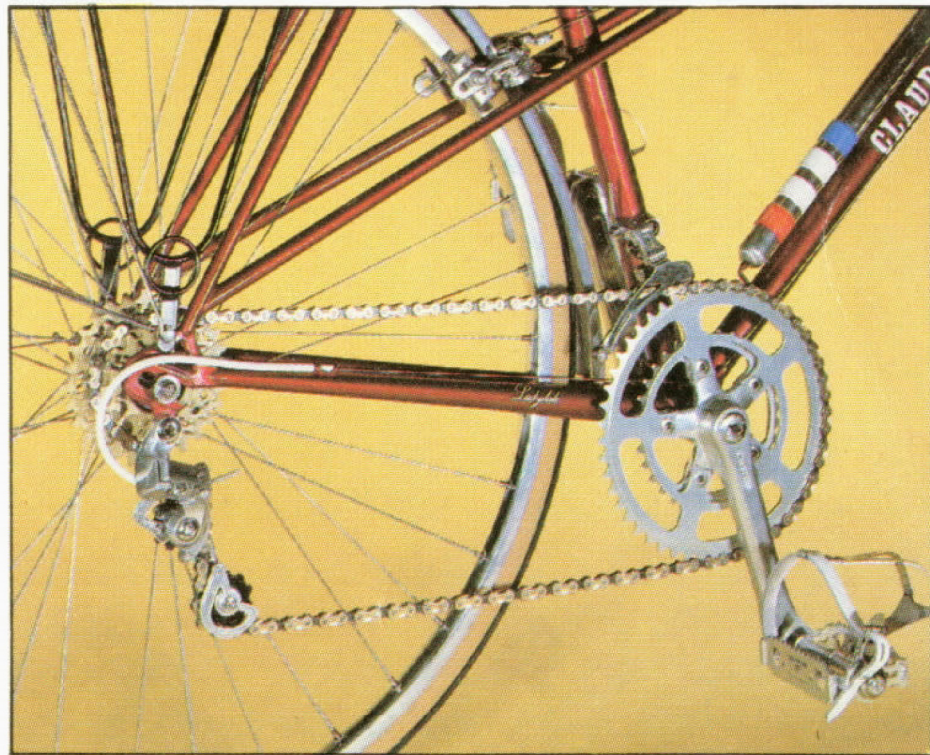

Sister to the 'Dalesman' is the elegant 'Ladydale'. Sharing the same excellent mechanical specification, but based on a unique butted Reynolds 531 'mixte' frame for very superior performance with light weight, this features a brazed-on fork lamp boss, brake and gear cable stops and pump pegs. The new ultra-rigid Claud Butler 'Cape Wrath' four-point fixing pannier carrier is fitted to neat braze-on bosses on both models and is thoughtfully nylon coated for long life.

DALESMAN

LADYDALE

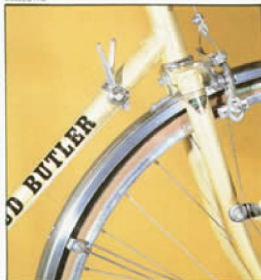

FRAMES

The frames for all Claud Butler bicycles are available separately for cyclists who prefer to build a touring bicycle to their own specification. Colours and sizes are as standard bicycles. Frames include a headset and seatpin. Standard English 68mm x 1.37" x 24tpi bottom bracket shells are machined to accept your choice of chainset. Braze-on features include gear and brake cable guides and fork lamp bracket bosses.

Dalesman & Ladydale Handbuilt with Reynolds 531 butted tubing, 41" wheelbase and Campagnolo forged dropouts with mudguard eyes. Complete with Tange headset, alloy microadjusting seatpin, allen key seatlug bolt, end adjusters and bottle cage bosses.

Majestic, Majestique, Cresta 531 & Claudette 531 Handbuilt with Reynolda 531 main tubes and forks and Sun Tour semi-forged dropouts with mudguard eyes. Complete with headset and seatpin.
